NOTES:

1. The relative Explanatory Statement pursuant to section 102 of the Companies Act, 2013 and additional information as required under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and circulars issued thereunder, setting out material facts concerning the businesses mentioned in the Notice, is annexed hereto.
2. Pursuant to General Circular Nos. 14/2020 dated 8th April 2020, 17/2020 dated 13th April 2020, 22/2020 dated 15th June 2020, 33/2020 dated 28th September 2020, 39/2020 dated 31st December 2020, 10/2021 dated 23rd June 2021, 20/2021 dated 8th December, 2021, 02/2022 dated 5th May, 2022, Circular No. 10/2022 dated 28th December, 2022, Circular No. 09/2023 dated 25th September, 2023 and Circular No. 09/2024 dated 19th September, 2024 issued by the Ministry of Corporate Affairs, Government of India, ("MCA Circulars"), permitted convening the Annual General Meeting ("AGM"/"Meeting") through Video Conferencing ("VC") or Other Audio Visual Means ("OAVM"), without physical presence of the members at a common venue. Accordingly, the 38th Annual General Meeting of the Company will thus be held through video conferencing or other audio visual means. Hence, Members can attend and participate in the ensuing AGM through VC/ OAVM. The deemed venue for the AGM shall be the Registered Office of the Company.
3. Generally, a member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote on a poll instead of himself and the proxy need not be a member of the Company. **Pursuant to MCA Circular No. 14/2020 dated 8th April, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. As this AGM is being held through VC / OAVM pursuant to the MCA Circulars, physical attendance of members has been dispensed with.** Accordingly, the Proxy Form and Attendance Slip are not annexed hereto.
4. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, authorized representatives of the members such as the President of India or the Governor of a State or body corporate can attend this AGM through VC/OAVM and cast their votes through e-voting. Corporate members intending to send their authorized representatives to attend the Meeting are requested to send to the Company at investorcommamco@gmail.com, a certified copy of the Board Resolution before the date of 38th Annual General Meeting authorizing their representative to attend and vote on their behalf at the Meeting.

DISPATCH OF ANNUAL REPORT THROUGH ELECTRONIC MODE:

10. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their Demat Accounts. Members holding shares in physical form can submit their PAN details to Company's Registrars and Transfer Agents, M/s. Beetal Financial & Computer Services Private Limited.
11. Pursuant to Section 72 of the Companies Act, 2013, shareholders holding shares in physical form may file nomination in the prescribed form SH-13 with the Company's Registrar and Share Transfer Agent. In respect of shares held in Electronic/Demat form, the nomination form may be filed with the respective Depository Participant.
12. Members holding physical shares in multiple folios in identical name are requested to send their share certificates to Company's Registrar & Share Transfer Agent, M/s. Beetal Financial & Computer Services Private Limited for consolidation.
13. In case of any query, members are requested to send the same to the Company at least 10 days before the date of the meeting so that information can be made available at the meeting.
14. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting & e-voting at meeting to its members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited [CDSL] for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of 38th Annual General Meeting of the Company will be provided by CDSL.
15. The facility of casting the votes will be provided by Central Depository Services (India) Limited [CDSL] to the members who are the members as on Tuesday, 23rd September, 2025 being the "Record Date" fixed for the purpose, to exercise their right to vote at the 38th AGM by electronic means through the e-voting platform.
16. The members are requested to note that:
 - i. if a member has exercised his voting right through remote e-voting he shall not be entitled to cast vote through e-voting system at VC/OAVM Annual General Meeting.
 - ii. once the vote on a resolution is cast by the member through remote e-voting or e-voting at AGM, the member shall not be allowed to change it subsequently or cast the vote again.
 - iii. a member may participate in the AGM via VC/OAVM even after exercising his right to vote through remote e-voting, but shall not be allowed to vote again.
17. A person who is not the member of the Company as on record/cut-off date shall treat this notice for the purpose of information only.
18. The resolutions, if passed by the requisite majority, shall be deemed to have been passed on the date of the 38th Annual General Meeting i.e. 30th September, 2025.
19. The voting rights of shareholders shall be in proportion to their share/s in the paid up equity share capital of the Company as on the cut-off date (record date) of Tuesday, 23rd September, 2025.
20. The Company has appointed M/s. Mohit Bajaj & Associates, Company Secretaries as the Scrutinizer to scrutinize the remote e-voting process & e-voting at the 38th Annual General Meeting in fair and transparent manner.
21. The Scrutinizer shall, after the conclusion of e-voting at the Meeting, scrutinize the votes cast at the Meeting and votes cast through remote e-voting, make a consolidated Scrutinizer's Report and submit the same to the Chairman. The result of e-voting will be declared within two working days from the conclusion of the Meeting and the same, along with the consolidated Scrutinizer's Report, will be placed on the website of the Company at www.amcoindialimited.com and on the website of CDSL www.evotingindia.com. The result will simultaneously be communicated to the stock exchange i.e BSE Limited. The results will also be displayed at the Registered office and at the Corporate office of the Company.

22. The procedure and instructions for remote e-voting & e-voting during 38th Annual General Meeting are produced hereunder for easy reference:

INSTRUCTION FOR REMOTE E-VOTING AND E-VOTING DURING AGM:

- (i) The Members can join the 38th AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination & Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
- (ii) The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.

INSTRUCTIONS FOR SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETING ARE AS UNDER:

- (i) The remote e-voting period begins on Saturday, 27th September, 2025 at 10:00 A.M. (IST) and ends on Monday, 29th September, 2025 at 05.00 P.M. (IST). During this period the members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Tuesday, 23rd September, 2025 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the Meeting.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013/ ADDITIONAL INFORMATION AS REQUIRED UNDER THE SECURITIES AND EXCHANGE BOARD OF INDIA (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015

The following statement sets out all material facts relating to Special Businesses mentioned in the accompanying Notice:

Item No. 3**Appointment of M/s. Tripti Shakya & Company, Company Secretaries, as Secretarial Auditors of the Company.**

The Board of Directors of the Company, at its meeting held on 22nd August, 2025, based upon the recommendation of the Audit Committee, approved the appointment of M/s. Tripti Shakya & Company, Company Secretaries, as Secretarial Auditors of the Company for a term of five (5) consecutive financial years, commencing from financial year 2025-26 up to the financial year 2029-30, to conduct Secretarial Audit of the Company for the said period. The appointment of Secretarial Auditor shall be subject to the approval by the Members at the general meeting.

The appointment of Secretarial Auditors shall be in terms of the amended Regulation 24A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 vide SEBI Notification dated December 12, 2024 and provisions of Section 204 of the Act and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014. Accordingly, the consent of the shareholders is sought for the appointment of Tripti Shakya & Company as the Secretarial Auditors of the Company.

Tripti Shakya & Company, a peer-reviewed firm of Practising Company Secretaries, is registered with the Institute of Company Secretaries of India (ICSI). The firm was established in 2020 and is based in Ghaziabad. The firm has an established track record in providing a wide spectrum of professional services in the areas of corporate laws, secretarial compliances, governance advisory, secretarial audits, corporate governance advisory, due diligence, and allied matters. Its service portfolio further extends to advisory on securities laws, SEBI compliances, representation before regulatory authorities, FEMA and RBI compliances, setting up of companies/LLPs, advisory on listing regulations, and related corporate advisory services. The firm serves a diverse clientele across various sectors.

The Company has received a consent from M/s. Tripti Shakya & Company confirming their eligibility to undertake the Secretarial Audit of the Company. The firm has further confirmed that the proposed appointment is within the prescribed limits under ICSI guidelines for undertaking maximum number of secretarial audit.

The proposed fees in connection with the secretarial audit shall be INR 60,000/- (Rupees Sixty Thousand only) plus applicable taxes and other out-of-pocket expenses. However, in case of revision in fees in any subsequent year(s) of their term, such revision/modification shall be, as may be mutually agreed between the Board of Directors and Tripti Shakya & Company. Additional fees for statutory certifications and other professional services, if availed, will be determined separately by the management, in consultation with Tripti Shakya & Company, and will be subject to approval by the Board of Directors and/or the Audit Committee.

None of the Directors or Key Managerial Personnel of the Company or their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

The Board of Directors recommends resolution set out at Item No. 3 of the Notice for approval by the Members by way of an Ordinary Resolution.

Item No. 4**Adoption of new set of Articles of Association of the Company.**

In order to align the existing Articles of Association ("AOA") with the provisions of the Companies Act, 2013, the Board of Directors at its meeting held on 22nd August, 2025, subject to the approval of members of the Company at the ensuing Annual General Meeting ("AGM"), approved the proposal to adopt an entirely new set of Articles of Association based on the model form prescribed in Table F of Schedule I of the Companies Act, 2013.

The existing AOA was framed in accordance with the provisions of the erstwhile Companies Act, 1956, which has since been repealed and replaced by the Companies Act, 2013. Consequently, several provisions in the existing AOA contain references to specific sections of the Companies Act, 1956, and certain regulations are no longer consistent with the provisions of the Companies Act, 2013.

Accordingly, the approval of the Members of the Company is being sought at the ensuing AGM to adopt a new set of AOA of the Company, in substitution for and to the exclusion of the existing AOA.

In accordance with the provisions of Section 14 of the Companies Act, 2013, any alteration to the Articles of Association requires the approval of the Members by way of a Special Resolution. Accordingly, the Board recommends the Special Resolution set out at Item No. 4 of the Notice for the approval of the Members.

A copy of the draft AOA is available for inspection by the Members at the Registered Office of the Company during business hours on any working day, up to the date of the AGM.

None of the Directors or Key Managerial Personnel of the Company or their relatives are, in any way, concerned or interested, financially or otherwise, in the said resolution.

Item No. 5**Ratification of remuneration of Cost Auditors:**

The Board of Directors of the Company in their meeting held on 22nd August, 2025, based upon the recommendation of the Audit Committee appointed M/s. Gurvinder Chopra & Co., Cost Accountants (FRN: 100260) as the Cost Auditors of the Company for the financial year 2025-26, to conduct the audit of cost records maintained by the Company, at an annual remuneration of INR 70,000/- plus out of pocket expenses and applicable taxes.

In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit & Auditor Rules), 2014, the remuneration payable to the Cost Auditor is required to be ratified by the members of the Company. Accordingly, consent of the members is sought to ratify the remuneration payable to the Cost Auditors for the financial year 2025-26.

None of the Directors or Key Managerial Personnel of the Company or their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

The Board of Directors recommends the resolution set out at Item No. 5 of the Notice for approval by the Members by way of an Ordinary Resolution.

vii. Key Managerial Personnels (KMPs):

During the year under review, Mr. Rajeev Gupta was appointed as Chairman & Managing Director of the Company w.e.f 21st June, 2024.

viii. Performance Evaluation Criteria:

The Securities and Exchange Board of India (Listing Obligations and Disclosures Requirement), Regulations, 2015 mandated that the Board shall monitor or review Board evaluation framework. The Companies Act, 2013 states that a formal annual evaluation needs to be made by the Board of its performance and that of Committees and of the Directors. The Schedule IV of the Companies Act, 2013 states that the performance evaluation of the Independent Directors shall also be done by the entire Board of Directors, excluding the Director being evaluated.

The evaluation of all the Directors and the Board as the whole was conducted based on the criteria and framework adopted by the Board. The Board works with the Nomination & Remuneration committee to lay down the evaluation criteria for the performance of executive/non-executive/independent directors through a peer evaluation excluding the Director being evaluated through the Board efficiency survey.

The Board's functioning was evaluated on various aspects, including inter alia degree of fulfillment of key responsibilities, Board structure and composition, establishment and delineation of responsibilities to various Committees, effectiveness of Board processes, information and functioning, information flow, relationship with the stakeholders, Company's performance & Company strategies.

The Directors were evaluated on aspects such as attendance and contribution at Board/ Committee Meetings and guidance/ support to the management outside Board/ Committee Meetings. In addition, the Chairman was also evaluated on key aspects of his role, including setting the strategic agenda of the Board, encouraging active engagement by all Board members and motivating and providing guidance to the Managing Director.

The areas on which the Committees of the Board were assessed included degree of fulfillment of key responsibilities, adequacy of Committee composition and effectiveness of meetings.

The performance evaluation of the Independent Directors was carried out based on the three key roles of the Independent Directors - governance, control & guidance. Some performance indicators based upon which the independent directors were evaluated are:

- a) Ability to contribute to corporate governance practices of the Company;
- b) Active participation in long term strategic planning;
- c) Commitment to the fulfillment of directors' obligations & fiduciary responsibility;
- d) Participation in Board and committee meetings.

The Independent Directors reviewed the performance of the Board as a whole and also carried out the performance evaluation of the Chairman and the Executive Directors.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INTRODUCTION:

The Management of Amco India Limited presents the Management Discussion and Analysis Report for the financial year ended 31st March, 2025, outlining the performance of the Company during the year and its outlook for the future.

The primary objective of this report is to provide the Management's perspective on key developments in the business environment, the challenges and opportunities faced by the Company, and an analysis of its operational and financial performance. The report also highlights the Company's internal control systems, risk management practices, and significant initiatives undertaken on the Human Resources front.

The future outlook presented herein is based on the Management's assessment of the prevailing business and economic environment. However, actual results, performance, or achievements may differ materially from those expressed or implied in the forward-looking statements, as these are subject to various external and internal factors which are at times beyond the Company's control.

1. INDUSTRY STRUCTURE AND DEVELOPMENT:

Aluminium Foil

India is one of the leading producers of aluminium foil, catering extensively to the requirements of diverse sectors, particularly pharmaceuticals, flexible packaging, Tobacco & Confectionery Products and Industrial Applications. At a global level, aluminium foil markets were influenced by volatility in energy and raw material costs, supply chain disruptions, and international trade dynamics. However, India benefitted from its strong domestic bauxite reserves, integrated aluminium capacity, and increasing shift towards value-added foil products. In FY 2024-25, the industry also experienced a structural push towards sustainability and circular economy practices. Overall, the aluminium foil industry is poised to remain on a positive trajectory, backed by domestic consumption growth, increasing exports, and government support. The industry is also witnessing a gradual transition towards higher value-added products such as laminated foils, speciality foils for medical and dairy applications, and foil-based flexible packaging solutions. Additionally, rising awareness of eco-friendly packaging, regulatory emphasis on recyclable materials, and substitution of plastics with aluminium foils in various applications created long-term growth opportunities.

PVC Films & Sheetings

During FY 2024-25, the industry witnessed a mix of challenges and opportunities. On the demand side, growth was driven by the expansion of the packaging sector, increasing usage of PVC films in decorative and protective applications, and rising demand from healthcare and pharmaceutical packaging. The construction and infrastructure sector also contributed significantly to demand for PVC sheeting in flooring, wall coverings, and other protective applications. On the supply side, the industry faced volatility in raw material prices, particularly PVC resins, due to fluctuations in crude oil and petrochemical markets, as well as global supply chain disruptions. The industry also continued to witness pressure from imports, particularly from China and other low-cost manufacturing countries, creating a highly competitive environment for domestic manufacturers.

2. OPPORTUNITIES & THREATS, RISKS & CONCERNS:

Aluminium Foil:

India continues to remain a growing market for the aluminium foil industry, driven largely by its wide application in pharmaceuticals, beverages, personal care, food, and flexible packaging. The Company expects an improvement in demand for indigenous foil in the coming years, supported by capacity expansions by pharmaceutical companies. The aluminium foil market in India is projected to record a CAGR of 7.4% through 2034, on account of the rising use of aluminium packaging in the thriving pharmaceutical sector and the growing consumption of packaged food products.

The pharmaceutical industry in India itself is anticipated to grow at a CAGR of around 10%, reaching a valuation of USD 130 billion by 2030. The increasing demand for sustainable and secure packaging solutions for pharmaceuticals is further expected to drive higher adoption of aluminium packaging in the domestic market.

PVC Films & Sheetings:

PVC films and sheets, owing to their versatility, recyclability, and favorable environmental footprint, have wide applications in the packaging industry. The global PVC films and sheetings market was valued at approximately USD 28.9 billion in 2024 and is expected to grow at a steady CAGR of around 3.3% during 2025–2034. For FY 2025, the market is estimated to reach USD 29.8 billion, driven by increasing applications in packaging, construction, automotive, and consumer goods. This growth is likely to provide opportunities for the Company in expanding its product applications and market presence.

Risks & Concerns:

While the long-term outlook remains positive, the industry continues to face challenges such as volatility in raw material prices, increasing competition from both domestic and international players, and regulatory changes relating to environmental norms. Currency fluctuations and global economic uncertainties may also impact input costs and export competitiveness. The Company remains focused on mitigating these risks through strategic sourcing, efficiency improvements, and exploring value-added product segments.

Company Outlook:

Considering the strong growth potential in both aluminium foil and PVC film markets, the Company is well-positioned to leverage these opportunities through capacity enhancement, product diversification, and a sharper focus on quality and innovation. At the same time, proactive risk management strategies are being implemented to address industry challenges, ensuring sustainable growth and long-term value creation for stakeholders.

3. COMPANY'S PERFORMANCE (PRODUCT WISE):

ALUMINIUM FOIL: The Company has executed orders for Packaging Industries, Pharmaceutical Industries, Automobile Industries etc. The total revenue of the Company from Aluminium Foil during the financial year under review i.e 2024-25 is INR 966,662.95/- (Rs. in thousands) as against the revenue of INR 8,96,036.32/- (Rs. in thousands) during the previous financial year 2023-24.

PVC FILMS & SHEETINGS: The performance in the PVC Films & Sheetings segment has shown a downfall during the year under review. The revenue from PVC films & Sheetings for the financial year 2024-25 is Nil against the revenue of the financial previous year 2023-24 which was INR 1,637.69 (Rs. in thousands).

4. OUTLOOK:

Aluminium foil is increasingly recognized as a sustainable alternative to several non-biodegradable products such as polyester, LD and HD films, owing to its superior barrier and protective properties. It continues to play a critical role in the packaging sector, particularly in pharmaceuticals, where safety and product integrity are essential. India is one of the key producers of aluminium foil in the region, with established demand across flexible packaging, food, chemicals and pharmaceutical industries. In the packaging industry, aluminium foil is gradually replacing polyester due to its higher efficiency in preserving product quality. Changing consumer preferences, the rise in ready-to-eat food consumption and confectionaries, along with growing pharmaceutical requirements, are expected to drive sustained demand for aluminium foil in the years ahead.

With an improving industrial environment and supportive government policies, the Company foresees growth opportunities in both domestic and international pharmaceutical markets, which will contribute to an increase in foil consumption. The Company remains focused on consolidating its position as a reliable supplier to the pharmaceutical packaging segment and is working towards enhancing capacity in aluminium foil production and coating operations.

5. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

Amco India Limited has established a comprehensive framework of internal controls and risk management practices designed to safeguard its assets, ensure accuracy and reliability of financial reporting, and secure compliance with applicable laws and regulations. The Company's risk management framework integrates internal controls with its business processes and is aligned to the nature, scale and complexity of its operations.

The internal control systems are structured to promote operational efficiency, optimum utilization of resources, adherence to established policies, and timely identification of potential risks and opportunities. These systems also ensure that regulatory requirements are duly complied with across all business segments.

The Audit Committee of the Board periodically reviews the effectiveness of internal controls, audit plans, risk assessments, and other significant audit observations. It also evaluates the adequacy of mitigation measures

adopted by the management. The internal audit function, conducted by independent professional auditors, provides assurance on the robustness of internal processes and highlights areas for improvement. The recommendations arising from such audits are considered and addressed appropriately.

The Company recognizes the importance of a sound internal control environment in achieving its strategic objectives, safeguarding stakeholder interests, and supporting sustainable growth. Accordingly, Amco India Limited continues to strengthen its control systems to meet evolving business and regulatory requirements, ensuring transparency, accountability and long-term value creation.

6. FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

Amco India Limited continues to emphasize maintaining adequate liquidity and ensuring timely availability of capital at an optimum risk-adjusted cost to support its business operations. The Company has aligned its financial strategy with operational requirements to ensure sustainable growth and efficient resource utilization. The detailed financial performance of the Aluminium Foil and PVC Films & Sheetings segments is presented in the Annual Report under the head Segmental Reporting.

7. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS:

The Company firmly believes that its people are the cornerstone of its success and represent a key source of sustainable competitive advantage. The human resource philosophy of the Company is centered on attracting, developing and retaining the right talent, while fostering a culture of performance, responsiveness and accountability.

During the year under review, the Company had 72 permanent employees. The Company continued to strengthen its human resource management systems and practices by providing structured training and development opportunities, both through in-house programs and external platforms, aimed at enhancing technical competencies as well as managerial skills across functional areas.

The Company maintained a strong focus on employee engagement, performance enhancement and creating an enabling environment to drive productivity and innovation. Industrial relations during the year remained cordial and harmonious across all locations of operation. With a committed and capable workforce, the Company is well-positioned to meet future challenges and pursue its long-term growth objectives with confidence.

9. NEW PRODUCT DEVELOPMENT:

The flexible packaging industry has witnessed increased usage of aluminium foil as a preferred material for products traditionally packed in alternative substrates, such as Gutkha and Pan Masala. Recognizing this trend, the Company has successfully positioned itself as a supplier of aluminium foil catering to diverse and high-demand applications. The Company now supplies aluminium foil to leading players in the market for use in cigarette foil packaging, milk powder packaging, and packaging of medical and surgical equipment. This diversification has strengthened the Company's product portfolio and enhanced its presence across multiple industries.

10. BUSINESS INITIATIVES:

Amco India Limited remains committed to delivering sustainable and superior performance in a dynamic and competitive global environment. The Company recognizes that consistent growth requires a combination of sound strategic planning and disciplined execution. In line with this vision, the Company has undertaken several new initiatives across both its business segments, namely Aluminium Foil and PVC Films/Sheetings. These initiatives are directed towards entering new markets, enhancing production capabilities, and focusing on higher value-added products to strengthen market presence, improve operational efficiency, and deliver long-term value to stakeholders.

11. MANAGEMENT'S PERCEPTION OF RISKS:

The Company recognizes that its operations are subject to exposure from various business, assets, and financial risks. A structured framework is in place to identify, monitor, and mitigate such risks in a timely and effective manner.

Business Risks:

In relation to Aluminium Foil, PVC Films, and Sheetings, the Company is exposed to risks arising from market fluctuations, volatility in raw material prices, and changes in import duty structures. The Company actively monitors industry trends, supply chain dynamics, and regulatory changes to mitigate the impact of such risks.

Assets Risks:

The Company's physical assets are exposed to potential risks such as accidents, fire, natural calamities, and other unforeseen events. To safeguard against such exposures, the Company maintains comprehensive insurance policies to ensure maximum indemnity in the event of loss. Further, it follows a system of continuous evaluation and updation of insurance coverage to ensure that conventional risks are adequately and prudently covered.

12. APPRECIATION & DEPRECIATION OF RUPEE AGAINST US \$:

In case of Aluminium Foil, the currency fluctuation had significant impact on the products sale in the market.

13. RESOURCES:

Material:

For Aluminium Foil, India has abundant deposits of bauxite, ensuring steady availability of the primary raw material. In the case of PVC Films & Sheetings, while raw materials such as PVC resin, DOP, stabilisers and fillers are generally available, the Company has faced challenges due to fluctuations in PVC resin prices, which impact cost structures. For Non-Woven products, the primary raw materials are PP granules and PP pigments, both of which are sufficiently available without any scarcity concerns.

Capital:

The Company continues to require additional funds to meet its working capital needs and long-term capital requirements in order to support enhanced production capacity and higher sales growth.

PVC Films & Sheetings:

PVC Films & Sheetings enjoy wide applications across diverse industries such as automobiles, stationery, luggage, and electrical insulation. Their inherent fire-retardant properties further strengthen demand.

14. CAUTIONARY STATEMENT:

The Statements made in the Management Discussion and Analysis describing the Company's objectives, expectations, or projections may be "forward-looking statements" within the meaning of applicable securities laws and regulations. The actual results may differ materially from those expressed or implied due to various

factors. These include, but are not limited to, fluctuations in global and domestic demand-supply conditions impacting selling prices of finished goods, volatility in input availability and costs, changes in government policies and regulations, alterations in tax laws, economic developments within and outside the country, and other incidental factors such as litigation, industrial relations, and business environment uncertainties.

 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 **(Not Applicable on the Company during the financial year under review)**; and

- (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

I have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards with regard to Meetings of Board of Directors (SS-1) and General Meetings (SS-2) issued by the Institute of Company Secretaries of India;
- ii. Listing Agreement entered into by the Company with BSE Limited.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

However, during financial year 2023-24, BSE Limited has shared the details of outstanding fines payable by the Company pursuant to SEBI SOP Circulars under Regulations 27(2), 17(1), 18(1), 19(1)/ 19(2), 20(1), 23(9) and 33 of SEBI (LODR) Regulations, 2015 for the previous periods or events. Accordingly, BSE Limited has ordered for the freezing of promoters demat account.

The Company has already provided requisite clarifications to BSE Limited and have made its representation before BSE Limited. The Company has also made required compliances. The Company has also raised the waiver request to BSE Limited in December, 2023. The reply of BSE Limited is still awaited on the same.

I further report that:

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the Audit Period under review were carried out in compliance with the provisions of the Act.
- Adequate notice is given to all Directors to schedule the Board Meetings. The agenda and detailed notes on agenda were sent atleast seven days in advance other than those held at shorter notice, and a system exist for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation in the meeting.
- All decisions at Board Meetings and Committee meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors and Committees of the Board respectively. The circular resolutions passed by the Board of Directors of the Company were approved with requisite majority.

I further report that the compliances of applicable financial laws like direct and indirect tax laws and maintenance of financial records and books of accounts of the Company have not been reviewed in this Audit and the same have been subject to review by Statutory financial auditors and other designated professionals.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure the compliance with applicable laws, rules, regulations and guidelines.

Independent Auditor's Report

To the Members of Amco India Limited

Report on the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Amco India Limited ("the Company"), which comprises of the balance sheet as at 31st March 2025, and the statement of Profit and Loss (including other comprehensive income), and the Statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Based on our audit, there are no key audit matters to be discussed.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the order.
2. As required by Section 143 (3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;

- e. On the basis of the written representations received from the directors as on 31st March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V to the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company has disclosed the impact, wherever necessary, of pending litigations on its financial position in its standalone financial statements;
 - ii. the Company has made provision, as required under the applicable law or Indian Accounting Standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv.
 - (a) The Management has represented that, to the best of it's knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of it's knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to my/our notice that has caused me/us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.
 - v. The company has not declared or paid any dividend during the financial year ended 31st March, 2025 and thus the reporting requirement as per Rule 11(f) is not applicable.
 - vi. Based on our examination, the accounting software used by the Company for maintaining its books of accounts for the financial year ended 31st March 2025 has not activated audit trail feature.

Annexure - B to the Independent Auditors' Report
Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Amco India Limited ("the Company") as of 31st March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting

based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes Annexed to and Forming Part of the Financial Statements for the Year Ended 31st March, 2025
1. CORPORATE INFORMATION

Amco India Limited ("the Company") is a public limited company domiciled in India and is listed on the Bombay Stock Exchange (BSE). The Company is engaged in manufacturing of PVC Leather cloth and aluminum foils.

2. BASIS OF PREPARATION

For the year ended 31st March 2025, the Company has prepared its financial statements in accordance with the Indian Accounting Standards notified under Section 133 of the Companies Act 2013, read together with Companies (Accounts) Rules 2014 (Ind AS). The financial statements have been prepared on historical cost basis, except certain financial assets and liabilities which have been measured at fair value, defined benefits plans and contingent consideration. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purposes of current / non-current classification of assets and liabilities.

Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- a. Expected to be realized or intended to be sold or consumed in normal operating cycle
- b. Held primarily for the purpose of trading
- c. Expected to be realized within twelve months after the reporting period, or
- d. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- a. It is expected to be settled in normal operating cycle
- b. It is held primarily for the purpose of trading
- c. It is due to be settled within twelve months after the reporting period, or
- d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

3. SIGNIFICANT ACCOUNTING POLICIES:
A) USE OF ESTIMATES:

The preparation of financial statements in conformity with generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of financial statements and reported amount of revenue and expenses during the reporting period. Differences between the actual results and estimates are recognized in the period in which the results are known/ materialized.

B) INVENTORIES:

Basis of valuation of inventories followed is given below:

- (i) Raw materials are valued at FIFO basis net of excise duty at the lower of cost or net realizable value.
- (ii) Work- in- Process is valued at their estimated absorption cost.
- (iii) Finished goods are valued at cost of production inclusive of excise duty.

- (iv) Consumable Stores & Packing Materials are valued at cost or net realizable value whichever is lower.
- (v) Damaged, unserviceable and inert stock is suitably depreciated.

C) DEPRECIATION:

Depreciation on Property, Plant & Equipment is provided on Straight Line Method on the basis of useful lives given in Schedule-II to the Companies Act, 2013. Depreciation on additions / deletions to assets during the year is provided on pro-rata basis.

D) REVENUE RECOGNITION:

SALES / OTHER INCOME:

- (i) Sales are recognized at the point of dispatch of finished goods to the customers. Sale of waste is accounted for on dispatch basis.
- (ii) Processing income is recognized upon rendering of the services.
- (iii) Income from dividend on mutual fund is taken on receipt basis.
- (iv) Interest Income is recognized on the basis of accrual but subject to realization.

E) PROPERTY, PLANT & EQUIPMENT:

Property, Plant & Equipment are recorded in the books at cost of acquisition, which comprises of the purchase price (net of rebate, discount and Cenvat credit) freight and other incidental expenses including interest relating to acquisition and expenditure on their installation or construction. Capital work in progress comprises the cost of the assets purchased but which are not yet ready for intended use at the date of Balance Sheet.

F) FOREIGN CURRENCY TRANSACTIONS:

i. Initial Recognition

Foreign Currency transactions are recorded in the reporting currency, by applying to the foreign currency amount, the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii. Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

iii. Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

G) INVESTMENT:

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value. Long term investments are carried at cost. However, provision for diminution in value is made to recognize other than temporary, if any, in the value of the investments.

H) EMPLOYEE BENEFITS:

Liability in respect of employee benefit is provided for and/or charged to the Statement of Profit & Loss as follows:

(i) PROVIDENT FUND:

The Company's provident fund is in the form of defined contribution plan where contribution is made to funds. The Contribution is accounted on accrual basis. Employers Contribution is charged to the Statement of Profit and Loss of the year in which the employees render the related service.

(ii) LEAVE ENCASHMENT:

The leave encashment liability of the employees of the Company is covered by a Master Policy taken out with the Life Insurance Corporation of India.

(iii) GRATUITY:

The Gratuity liability in respect of the employees of the Company is covered by a Master Policy taken out with the Life Insurance Corporation of India under the Group Gratuity Scheme.

I) BORROWING COST:

The cost of borrowing is capitalized to the extent term loan was utilized for the purpose of capital expenditure before the period upto which the assets were put to use for commercial production. Borrowing cost incurred post commencement of commercial production is charged to the Statement of Profit & Loss.

J) SEGMENT REPORTING:

Segment revenue, results, assets and liabilities have been identified to represent segments on the basis of their relationship to the operating activities of the segment.

K) EARNINGS PER SHARE (EPS)

The earnings considered in ascertaining the Company's Earning per Share ('EPS') comprises the net profit after tax. The number of shares used in computing the basic EPS is the weighted average number of shares outstanding during the year. The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares.

L) TAX EXPENSE**CURRENT TAX:**

Tax on income for the current year is determined as per the provisions of the Income Tax Act, 1961.

DEFERRED TAX:

Deferred tax is recognized on timing differences between the accounting income and the taxable income for the year and quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date. Deferred tax Assets are recognized and carried forward to the extent that there is a reasonable certainty of realization, however in Case of unabsorbed tax losses and tax Depreciation are recognized only when there is a virtual certainty of their realization.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

M) IMPAIRMENT OF ASSETS:

Assets that are subject to amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the assets' carrying amount exceeds its recoverable amount. The recoverable amount is the higher of the assets' fair value less costs to sell and value in use.

N) PROVISIONS AND CONTINGENT LIABILITIES:

Provisions are recognized when the Company has a present obligation as a result of past events, for which it is probable that an outflow of resources embodying economics benefits will be required to settle the obligation, and a reliable estimate can be made. When the Company expects a provision to be reimbursed, the reimbursement is recognized as a separate asset but only when reimbursement is virtually certain.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably will not, require an outflow of resources. When there is a possible or a present obligation the likelihood of outflow of resources is remote, no provision or disclosure is made.

O) FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

I. Financial Assets

a. Initial recognition and measurement:

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place [regular way trades] are recognized on the settlement date, trade date, i.e., the date that the Company settle commits to purchase or sell the asset.

b. Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in four categories:

i. Debt instruments at amortized cost:

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- The asset is held with an objective of collecting contractual cash flows
- Contractual terms of the asset give rise on specified dates to cash flows that are "solely payments of principal and interest" [SPPI] on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate [EIR] method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

ii. Debt instruments at fair value through other comprehensive income [FVTOCI]:

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- The asset is held with objective of both - for collecting contractual cash flows and selling the financial assets
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income [OCI]. However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

iii. Debt instruments, derivatives and equity instruments at fair value through profit or loss [FVTPL]:

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

iv. Equity instruments measured at fair value through other comprehensive income [FVTOCI]:

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognized by

an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company has made such election on an instrument by- by instrument basis. The classification is made on initial recognition and is irrevocable. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

c. Derecognition:

A financial asset is primarily derecognized when:

- i. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either [a] the Company has transferred substantially all the risks and rewards of the asset, or [b] the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- ii. the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership.

d. Impairment of financial assets:

In accordance with Ind AS 109, the Company applies expected credit loss [ECL] model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, trade receivables and bank balance
- b. Trade receivables or any contractual right to receive cash
- c. Financial assets that are debt instruments and are measured as at FVTOCI
- d. Lease receivables under Ind AS 17
- e. Financial guarantee contracts which are not measured as at FVTPL

The Company follows 'simplified approach' for recognition of impairment loss allowance on Point c and d provided above. The application of simplified approach requires the company to recognize the impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive [i.e., all cash shortfalls], discounted at the original EIR.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically

observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

ECL impairment loss allowance [or reversal] recognized during the period is recognized as income/ expense in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

- a. Financial assets measured as at amortized cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance which reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- b. Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

II. Financial liabilities:

a. Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

b. Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

i. Financial liabilities at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied for liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

ii. Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

iii. Financial guarantee contracts:

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the

guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

c. Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

P. Reclassification of financial assets:

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognized gains, losses [including impairment gains or losses] or interest.

Q. Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

R. Fair Value Measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a. In the principal market for the asset or liability, or
- b. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted [unadjusted] market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

33 - FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The company's financial risk management policy is set by the Managing Board.

Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loan borrowings.

The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies, and ensuring compliance with market risk limits and policies.

Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the company's position with regards to the interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

The company is not exposed to significant interest rate risk as at the specified reporting date.

Foreign currency risk

The Company operates locally, however, the nature of its operations requires it to transact in several currencies and consequently the Company is exposed to foreign exchange risk in various foreign currencies.

The Company evaluates exchange rate exposure arising from foreign currency transactions and the Company follows established risk management policies.

I. Foreign Currency Exposure

Refer other notes for foreign currency exposure as at March 31, 2025, March 31, 2024 respectively.

II. Foreign Currency Sensitivity

1% increase or decrease in foreign exchange rates will have the following impact on the profit before tax

(INR in Thousands)

Currency	2024-25		2023-24	
	1% Increase	1% Decrease	1% Increase	1% Decrease
USD	-	-	-	-
Total	-	-	-	-

Credit risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is significant increase in credit risk the company compares the risk of a default occurring on the asset at the reporting date with the risk of default as the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- (i) Actual or expected significant adverse changes in business,
- (ii) Actual or expected significant changes in the operating results of the counterparty.
- (iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligation,
- (iv) Significant increase in credit risk on other financial instruments of the same counterparty.
- (v) Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than 2 years past due. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

Liquidity risk

Liquidity Risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecast on the basis of expected cash flows.

Total	993.24	729.49

(b) Defined benefit plans

- Gratuity
- Compensated absences - Earned leave

In accordance with Indian Accounting Standard 19, actuarial valuation was done in respect of the aforesaid defined benefit plans based on the following assumptions-

Economic Assumptions

The discount rate and salary increases assumed are the key financial assumptions and should be considered together; it is the difference or 'gap' between these rates which is more important than the individual rates in isolation.

Discount Rate

The discounting rate is based on the gross redemption yield on medium to long term risk free investments. The estimated term of the benefits/obligations works out to zero years. For the current valuation a discount rate of 6.55% p.a. (Previous Year 7.09 % p.a.) compound has been used.

Salary Escalation Rate

The salary escalation rate usually consists of at least three components, viz. regular increments, price inflation and promotional increases. In addition to this any commitments by the management regarding future salary increases and the Company's philosophy towards employee remuneration are also to be taken into account. Again a long-term view as to trend in salary increase rates has to be taken rather than be guided by the escalation rates experienced in the immediate past, if they have been influenced by unusual factors.

The assumptions used are summarized in the following table:

Debt Service coverage ratio is used to analyse the firm's ability to pay-off current interest and instalments. Debt Service Coverage Ratio = Earnings available for debt service / Debt Service
Return on Equity Ratio	5.13%	2.34%	118.70	This ratio has been improved due to rise in Net Profit in FY 2024-25.	It measures the profitability of equity funds invested in the Company. The ratio reveals how profitability of the equity-holders' funds have been utilized by the Company. It also measures the percentage return generated to equity-holders. The ratio is computed as: ROE = Net Profits after taxes – Preference Dividend (if any) / Average Shareholder's Equity

Inventory Turnover Ratio	8.82	8.60	2.53	There is a very nominal change	<p>This ratio also known as stock turnover ratio and it establishes the relationship between the cost of goods sold during the period or sales during the period and average inventory held during the period.</p> <p>It measures the efficiency with which a Company utilizes or manages its inventory.</p> <p>Inventory Turnover ratio = Cost of goods sold OR sales / Average Inventory</p> <p>Average inventory is (Opening + Closing balance / 2)</p> <p>When the information opening and closing balances of inventory is not available then the ratio can be calculated by dividing COGS OR Sales by closing balance of Inventory</p>
Trade Receivables Turnover Ratio	6.98	7.56	-7.72	There is a very nominal change	<p>It measures the efficiency at which the firm is managing the receivables.</p> <p>Trade receivables turnover ratio = Net Credit Sales / Average Accounts Receivable</p> <p>Net credit sales consist of gross credit sales minus sales return. Trade receivables includes sundry debtors and bill's receivables.</p> <p>Average trade debtors = (Opening + Closing balance / 2) When the information about credit sales, opening and closing balances of trade debtors is not available then the ratio can be calculated by dividing total sales by closing balances of trade receivables.</p>
Trade Payables Turnover Ratio	23.56	19.78	19.13	There is a very nominal change	<p>It indicates the number of times sundry creditors have been paid during a period.</p> <p>It is calculated to judge the requirements of cash for paying sundry creditors. It is calculated by dividing the net credit purchases by average creditors.</p> <p>Trade payables turnover ratio = Net Credit Purchases / Average Trade Payables</p> <p>Net credit purchases consist of gross credit purchases minus purchase return</p> <p>When the information about credit purchases, opening and closing balances of trade creditors is not available then the ratio is calculated by dividing total purchases by the closing balance of trade creditors.</p>
Net Capital Turnover Ratio	6.33	9.20	-31.19	This ratio has been reduced due to improvement in the working capital of the company.	<p>It indicates a company's effectiveness in using its working capital.</p> <p>The working capital turnover ratio is calculated as follows: Net Sales divided by the average amount of working capital during the same period.</p> <p>Net capital turnover ratio = Net Sales / Average Working Capital</p> <p>Net Sales shall be calculated as total sales minus sales returns.</p> <p>Working capital shall be calculated as current assets minus current liabilities.</p>
Net Profit Ratio	1.791%	0.758%	136.31	This ratio has been improved due to rise in Net Profit in FY 2024-25.	<p>It measures the relationship between net profit and sales of the business.</p> <p>Net Profit Ratio = Net Profit / Net Sales</p> <p>Net profit shall be after tax.</p> <p>Net sales shall be calculated as total sales minus sales returns.</p>

Return on Capital Employed	6.89%	4.91%	40.26	This ratio has been improved due to rise in Net Profit in FY 2024-25.	Return on capital employed indicates the ability of a company's management to generate returns for both the debt holders and the equity holders. Higher the ratio, more efficiently is the capital being employed by the company to generate returns. $ROCE = \frac{\text{Earning before interest and taxes}}{\text{Capital Employed}}$ $\text{Capital Employed} = \text{Tangible Net Worth} + \text{Total Debt} + \text{Deferred Tax Liability}$
Return on Investment	NA	NA	NA	NA	Return on investment Return on investment (ROI) is a financial ratio used to calculate the benefit an investor will receive in relation to their investment cost. The higher the ratio, the greater the benefit earned. The one of widely used method is Time Weighted Rate of Return (TWRR) and the same should be followed to calculate ROI. It adjusts the return for the timing of investment cash flows and its formula / method of calculation is commonly available. However, the same is given below for quick reference: $ROI = \frac{\{MV(T1) - MV(T0) - \text{Sum } [C(t)]\}}{\{MV(T0) + \text{Sum } [W(t) * C(t)]\}}$ where, T1 = End of time period T0 = Beginning of time period t = Specific date falling between T1 and T0 MV(T1) = Market Value at T1 MV(T0) = Market Value at T0 C(t) = Cash inflow, cash outflow on specific date W(t) = Weight of the net cash flow (i.e. either net inflow or net outflow) on day 't', calculated as $\frac{[T1 - t]}{T1}$ Companies may provide ROI separately for each asset class (e.g., equity, fixed income, money market, etc.).
